Dear Parents and Carers,

It is the goal of the Music Department to provide an enriched musical education for all Scots boys, regardless of their previous instrumental or vocal experience, or future musical aspirations. Our classroom and co-curricular programs encompass all campuses, giving every Scots boy an unprecedented level of access and exposure to music of all styles taught by a fantastic team of professional musicians and distinguished pedagogues.

While we hope the musical journey for all of our young musicians continues into Year 9 with Stage 5 Elective music, or through the many ensembles offered through the Co-Curricular Ensembles Program, Year 8 potentially presents the last year of formal music education for some boys.

To pay tribute to the hard work and dedication given to their music education up to this point, the Music Department is holding a celebratory performance for our Year 8 students on Wednesday 22 June at 6:00pm in the Auditorium, Main Building. The concert will feature every Year 8 boy on stage with his class. Performances will include hit songs from varying genres and musical periods.

Boys are required to meet in the auditorium at 5:30pm and to sit in their class groups. Instruments and music are to be brought to the auditorium at this time.

I look forward to having a full audience on the night and anticipate your support of our Year 8 boys.

Kind regards

Paul Vickers
Director of Music
